1. Introduction

- 1.1 The Authority sets out its priorities and corporate targets through the Community Safety Plan (CSP). The Service translates this plan through its Service Delivery Plan into departmental and station delivery.
- 1.2 Each of the five strategic priorities set out within the CSP are supported by a number of Key Lines of Enquiry (KLOE), which are aligned to Her Majesty's Inspectorate of Constabulary and Fire and Rescue Services (HMICFRS) methodology. This internal alignment supports arrangements to monitor and scrutinise the Service's performance to help ensure it sustains the current ratings of 'Good' against all three pillars of the inspection methodology.

2. Performance

- 2.1 As Members are aware, there are four Local Performance and Scrutiny Committees aligned to each of the constituent unitary areas, which meet quarterly and scrutinise performance against the first three of the five priorities:
 - Priority 1: Making safer and healthier choices
 - Priority 2: Protecting you and the environment from harm
 - Priority 3: Being there when you need us
- 2.2 The Finance & Audit Committee meets quarterly to scrutinise the two remaining strategic priorities:
 - Priority 4: Making every penny count
 - Priority 5: Supporting and developing our people
- 2.3 In line with normal practice, a 6 monthly presentation will take place at this December's Authority meeting. A copy of the presentation slides are linked on page one as a background paper.

3. Summary and key points

- 3.1 Service performance continues to be scrutinised by Members at a local level through the Local Performance and Scrutiny Committees and the Finance & Audit Committees. To help provide all Members with a further corporate context, a summary of the performance of the Service against the Authority's strategic priorities over the past 6 months will be presented at the meeting.
