25/35 External Audit Progress Report 2024-25

25/35.1 Deputy Assistant Chief Officer (DACO) Financial Services & Treasurer, Ryan Maslen presented the report. It was noted that together with the Chair and Vice Chair, DACO Maslen had met with the new Key Audit Partner from Bishop Fleming earlier that week, which had been a positive meeting. Bishop Fleming were not present at the meeting as there had been minimal activity on the audit since the update provided at the end of July 2025. The 2024-25 audit process was progressing as scheduled and was still on target to be completed and presented to the December meeting of the Committee. This was dependent though on the external auditors of the Wiltshire Pension Fund providing the required assurance.

25/35.2 Cllr Byron Quayle referred to a recent case at Dorset Council involving financial irregularities relating to financial controls and sought assurance that such a situation was not repeated at the Authority. DACO Maslen replied that he had been in contact with Dorset Council to help understand the situation and after undertaking tests on financial systems and authorisation processes, he was satisfied at this stage that the situation was not being replicated.

25/35.3 RESOLVED: That the update provided be noted.

25/36 Internal Audit Quarterly report - Quarter 2

25/36.1 Dan Newens, South West Audit Partnership (SWAP) presented the report. Members' attention was drawn to the two completed audits in the quarter: People Development (reasonable assurance awarded) Treasury Management (substantial assurance awarded). The summary of actions and the management responses were explained to the Committee.

- 25/36.2 Cllr Quayle again referred to a recent case at Dorset Council involving financial irregularities and Dan Newens outlined the internal actions that were taken at SWAP when such a situation was raised to ensure that lessons were learnt and actions shared with its auditors to ensure that improvement took place. DACO Maslen commented that consideration would be given to SWAP undertaking an additional audit to provide assurance to Members.
- 25/36.3 In reply to a question from Cllr Paul Hilliard, Dan Newens stated that SWAP was comfortable that the management response to finding number 3 - Follow-up of Succession Planning Actions, would be delivered by January 2026. Assistant Chief Officer (ACO) - Director of People Services, Jenny Long added that the implementation of the management actions would be assisted by the new HR system which was being introduced to replace legacy systems.
- 25/36.5 RESOLVED: That the findings of the audits be noted and the management responses be approved.**

- 25/38 Financial Monitoring report - Quarter 1 2025-26**
- 25/38.1 DACO Maslen, presented the report and provided an analysis of the current financial position reflecting spending to 30 June 2025. DACO Maslen highlighted that the revenue budget showed a negative position of £480k at the current time and this did not include the costs incurred for the recent heathland fires. It was explained that government assistance under the Bellwin Scheme was being sought for this exceptional event, for which support from the National Coordination Advisory Framework had been utilised.
- 25/38.2 DACO Maslen answered a question from Cllr Matt Bragg regarding the Authority’s current investment in BlackRock explaining that the Authority worked with its Treasury Management Advisors to make investments in a variety of products, considering security and liquidity.
- 25/38.3 Cllr Paul Oatway enforced the need for the Authority to receive additional government financial support. CFO Cole stated that Members would be copied into correspondence with local Members of Parliament (MPs) regarding funding to increase the communications profile and inform

Members in their contacts with MPs. Cllr Bragg asked if there was a contingency plan to make financial savings if required and DACO Maslen stated that the financial situation would be kept under review and that, if required, reserves were available as a last resort.

25/38.3 RESOLVED: That the current financial position as at 30 June 2025 be noted.

25/39.7 In reply to a question from Cllr Hilliard, ACO Shearing explained that Body Worn Cameras (BWC) were used in training and learning and development. Contracts were being aligned for them to be used in response environments and there had been work completed to ensure information governance compliance and for other agencies to request footage where this was appropriate. Cllr Bragg commented that BWC were of benefit for learning. ACO Shearing also answered Cllr Bragg's questions on the migration of the legacy Lotus Notes system to a Microsoft cloud-based system which would save costs and was on track to be completed by March 2026.

- 25/39.8 Assistant Chief Fire Officer (ACFO) - Director of Safety and Compliance, Dave Waters reported on KLOE 12 sub diagnostic: *How well structured and embedded is a Health and Safety policy, practices and culture to ensure a safe and legally compliant service?*
- 25/39.9 ACFO Dave Waters replied to a question from Cllr Weight stating that a decrease in the Reporting of Injuries, Diseases and Dangerous Occurrences Regulations 2013 (RIDDOR) to zero was possible has the Service had a rigorous reporting system and sought to reduce this figure. - 25/39.11 Cllr Laura Beddow asked if the recent presentation of Priority 1, 2 and 3 data at the Local Performance and Scrutiny Committees by means of a dashboard could be extended to the Finance & Audit Committee performance report. The officers replied that this was not the intention at the present time but this could be reviewed when the new Key Lines of Enquiry (KLOEs) were determined in consultation with His Majesty's Inspectors. CFO Cole commented that it was a small internal development team for the dashboards. A number of Members observed that the presentation of the Performance Report could be more focused, less repetitive and streamlined alongside other agenda items.
- 25/39.12 In reply to a question from Cllr Quayle, ACO Shearing stated that the contract with the third-party supplier would be given further consideration if it transpired the Cyber Essentials could not be applied for due to multi factor authentication not being implemented on their system.

Health surveillance had been extended to the mechanics supporting the incidents. ACFO Waters added that at the Holt Heath heathland fire there had been seven reported adverse occurrences and that there was a QR code to a 'leaving the incident' form, which included guidance on how to report any injuries/illnesses.
- 25/39.15 ACO Long reported on KLOE 9, *How well do we understand the skills and capabilities of our workforce?*

- 25/40.2 The Chair stated that the Committee acknowledged the positive progress made to date on the Service’s culture journey and in consultation with the Chair of the Fire Authority, requested that an independent review of progress against the action plan be commissioned by officers. It was the view that this review be conducted by Practice to Progress, the independent company that previously undertook the Independent Review into workplace culture at the Authority. The findings of this review would be reported back to the Authority to support Members in the sign-off of the action plan.
- 25/40.3 In reply to Members’ questions ACO Long stated that the independent review would be a ‘sense check’ and would not be a significant cost, in order to provide assurance.
