1. Introduction

- 1.1 As Members are aware, the Service's performance is reviewed against the strategic priorities set out in the Community Safety Plan. This Committee oversees the performance against Priorities 4 and 5 - *Making Every Penny Count* and *Supporting and Developing our People*, with the Local Performance and Scrutiny Committees scrutinising service delivery performance at a local level.
- 1.2 Part of this innovative approach to reporting and scrutiny has been to anchor reporting to specific KLOEs. Each of the strategic priorities is supported by a set of KLOEs.
- 1.3 The HMICFRS have three pillars of Effectiveness, Efficiency and People, within these pillars are 11 subcategories. From round three inspections HMICFRS have moved from issuing scores against each of the three pillars, to a score against each of the 11 subcategories. The HMICFRS's methodology and judgement criteria remain the same, however the scoring has changed. A new rating has been introduced with 'adequate' being introduced between 'good' and 'requires improvement'. The Service aligned its KLOES to the 11 subcategory areas in 2018. This is designed to provide evidence of the Service's performance against the methodology, allowing Members to monitor and scrutinise performance, ensuring it continues to achieve the HMICFRS ratings of 'good' across the diagnostics.
- 1.4 A baseline assessment for each KLOE has been undertaken against the HMICFRS methodology and judgement criteria for 'good'. The evidence collected for each has been assessed against the following levels of the judgement criteria – requires improvement, good, and outstanding, to determine the overall level of performance and where improvement actions are required. It should be noted that the new rating of 'adequate' between 'requires improvement' and 'good' for the current round of inspections is in place. However, they have not provided any judgement criteria attached to what adequate looks like.
- 1.5 This report sets out the performance for quarter 2, 2025-2026 and will be supported by the attendance of key officers at the meeting to answer any specific points Members may wish to raise.

2. Summary and key points

- 2.1 There are no new significant issues to raise with Members at this time and good progress is being made.
