

Strengthening our fire and rescue service in Dorset Inbox x

Oct 9 17

At its full Council meeting on 23 September 2014, Bridport Town Council agreed the following comments in response to the consultation document on the future of the fire service in Dorset:

Members commented that it was clear from the consultation document that the preferred option of the Dorset Fire Auth was that it merges with Wiltshire & Swindon Fire Authority, to create a single combined Fire Authority.

Members emphasised that it was important to receive assurances that the level of service, response times and local resources in the Bridport area would not be adversely affected, if such a merger went ahead. Any service reductions sh not be at the local level.

I hope that the comments will be taken into consideration as part of the consultation.

Thanks
