Thank you for your kind and informative letter of 6 August. Since then, I have received your email informing us of the meeting in Westminster on Wednesday, 15 October, at 1230, and I shall be there. Thank you for organising that.

I'm also grateful for the colourful brochures, which I will read and digest. Having spoken to Darren on many occasions about this planned merger, it would appear to make perfect sense to me, bearing in mind the financial constraints you are facing.

I look forward to seeing you next month.

My warm regards.

Yours sincerely
