IAS 1.7 and IAS 8.5 state that:

“Material omissions or misstatements of items are material if they could, individually or collectively, influence the economic decisions that users make on the basis of the financial statements. Materiality depends on the size and nature of the omission or misstatement judged in the surrounding circumstances. The size or nature of the item, or a combination of both, could be the determining factor.”

Fraud

DORSET & WILTSHIRE FIRE AND RESCUE

Fraudulent financial reporting involves intentional misstatements including omissions of amounts or disclosures in financial statements to deceive financial statement users.

Misappropriation of assets involves the theft of an entity's assets. It is often accompanied by false or misleading records or documents in order to conceal the fact that the assets are missing or have been pledged without proper authorisation.

Prior period errors are omissions from, and misstatements in, the entity's financial statements for one or more prior periods arising from a failure to use, or misuse of, reliable information that:

- a) was available when financial statements for those periods were authorised for issue; and
- b) could reasonably be expected to have been obtained and taken into account in the preparation and presentation of those financial statements.

Such errors include the effects of mathematical mistakes, mistakes in applying accounting policies, oversights or misinterpretations of facts, and fraud.

Appendix 2 to the Authority Representation Letter of Wiltshire and Swindon Fire Authority: Audit Differences

Uncorrected Audit Differences:

1)		
Dr Short Term Debtors		£24,999
Dr Fees, Charges & Other service income		£8,333
Cr Cash & Cash equivalents		£33,332

This misstatement relates to a grant received post year end that was incorrectly posted in the cash account rather than as a debtor. As a portion of the grant does not relate to FY15/16 (£8,333), this balance has been eliminated from the P&L.

2)		
Dr Revaluation Reserve		£42,647
Cr Capital Adjustment Account		£42,647

This misstatement relates to the CIPFA Code requirement to limit balances taken to the revaluation reserve in respect of upwards re-valued property which has previously been re-valued downwards, to the extent of its depreciated historic cost. WSFA had not been applying this treatment and this is the historic adjustment.

3)		
Dr Cost of services	£115,186	
Cr Grant Income	£115,186	

This mis-statement relates to a difference on pensions top-up grant income between the value in the CIES and the total amount to be received.
