

Happy Halloween

DORSET & WILTSHIRE
FIRE AND RESCUE

Trick or Treat?

Keep all fancy dress costumes away from naked flames

Use LED candles in pumpkins - they don't blow out and they are much safer

Check the labels on any fancy dress outfits you buy for fire resistance and a registered trademark

Remember, cheaper products are more likely to be counterfeit and could burn quickly if they catch fire

Burns and scalds last a lifetime. Remember if clothing does catch fire, stop, drop and roll until the fire is out

In an emergency cool any burns with large amounts of water and get urgent medical assistance
