

## Freedom of Information Request FOI 18 80

### Cannabis fires

#### Query:

Could you please compile a data set (in Microsoft Excel) of the number of fires stemming from cannabis farms attended to by yourselves from 2005-present?

If possible, could they be broken down year-on-year and also by region?

#### Response:

**Please note, from 1 April 2016 Dorset Fire and Rescue Service and Wiltshire Fire and Rescue Service combined to form Dorset & Wiltshire Fire and Rescue Service. The response below, therefore, covers both the Dorset area and the Wiltshire area as a single request.**

**We have searched our Incident Recording System and identified four incidents, which are recorded as resulting from a 'cannabis farm':**

- 2010 – Gillingham**
- 2015 – Bournemouth**
- 2016 – Trowbridge**
- 2017 – Bournemouth**

**Incidents of this type are not identifiable prior to 1 April 2009, which was implementation date of our current Incident Recording System.**
