### Installed gas appliances

#### Query:

Below is detailed the information we are requesting – while it may not be available in such depth, any data that can be provided will be of great assistance.

We are seeking a list or database of installed gas appliances, categorised into groups such as:

#### Heating

- **Boilers** - condensing/non-condensing, wet central heating systems
- **Water Heaters** - instantaneous, continuous, storage water heaters
- **Dry (Warm Air) Convection Systems** – direct/indirect air heaters
- **Radiant Heaters** – luminous (plaque) and non-luminous (tube)

#### Catering

- **Ovens** – deck ovens, pizza ovens, rack ovens
- **Steamers & Combi Ovens** – combi-steam ovens, atmospheric steamers
- **Hobs & Grills** – hobs, grills, griddles, barbecues, salamander grills, rotisserie grills
- **Water & Oil Heaters** – fryers, pasta/noodle boilers, bratt pans

For each appliance, it would be useful to know the output rating, in either kW or BTU/hr, and the installed date.

We are also looking to know the facility/facility type in which each appliance is found – if possible, the specific facility name and/or address.

We wish to obtain as recent data as is possible – ideally from 2018 or 2019. However, any data from proceeding years which could present market trends would also be favourable.

#### Response:

Please see attached two spreadsheets, “FOI 19 27 Installed gas appliances – Dorset” and “FOI 19 27 Installed gas appliances – Wiltshire”, which detail current installed gas appliances by Dorset & Wiltshire Fire and Rescue Service location.

A quantity, description, reference number, make, model, serial number and annual cost have been detailed where the information is recorded.
