

Freedom of Information Request FOI 19 35

Scrapped vehicles

Query:

Please may I request information regarding the amount of council-owned vehicles that had to be destroyed/scrapped etc following the Novichock incident in Salisbury last year.

Can I have this broken down into what each vehicle was (make, model etc), how much they were valued at, and how much it cost to scrap them.

Response:

Zero Dorset & Wiltshire Fire and Rescue Service vehicles were disposed of as a result of the Salisbury nerve agent incident.
