

## Freedom of Information Request FOI 19 80

### Cost of fire engines

#### Query:

Please could you list the fire engines in your service, specifying the year, make, model and how much they cost to procure.

In the case of lease vehicles please indicate the total cost for comparison, once all the payments are made.

The phrase "fire engines" is meant as a common sense term to denote all pumps, pump ladders, aerial platforms and fire rescue units etc.

#### Response:

**Please find attached a spreadsheet called "FOI 19 80 Cost of fire engines".**

**Vehicles have been identified as either purchased or leased. In the case of leased vehicles, the total cost of procurement includes all annual rental, plus any amounts paid for extensions, plus the final purchase price.**
