FIRE AND RESCUE

## WHAT DO FIREFIGHTERS DO?

Play Mobil and London Fire Brigade Video

Words so you can sing along !

Can you learn all the words?

You could make up a dance to the song!

Now gather round my little friends, for I've a tale to tell,  
Of epic feats of bravery and helpfulness as well.

Our heroes are not gallant knights or cowboys riding steeds,  
They're right here in your neighbourhood performing fearless deeds.

Fire! Fire! Fire brigade, guys and gals in yellow and blue,  
Fire! Fire! Fire brigade they'll race to rescue you.

Unlikely friends from far and wide have come around to stay,  
But while they cook some tasty treats a firework goes astray.

It's time to make a vital call before the fire can spread,  
Yay! And now the food's all soaking wet we'll eat this fruit instead.

Fire! Fire! Fire brigade, guys and gals in yellow and blue,  
Fire! Fire! Fire brigade, they'll race to rescue you.

The weather forecasts looking grim and rain is pelting down,  
The local river burst its banks and heads on into town.

Our gaunt less band are here to man the pumps and save the day,  
And rescue Mrs Atkinson before she floats away.

Fire! Fire! Fire brigade, guys and gals in yellow and blue,  
Fire! Fire! Fire brigade, they'll race to rescue you.

They're all aboard the tour bus off to play some rock and roll,  
The driver missed the dragon but the clown car lost control.

Our team are on the scene to cut them free and pull them through,  
And while the rockstars please the crowd they rescue Lavanue and Coco and Pongo and  
Mr Chuckles and Steve. Stevie, Stevie, Stevie, Steve!

Fire! Fire! Fire brigade, guys and gals in yellow and blue,  
Fire! Fire! Fire brigade, they'll race to recue you.

Fire! Fire! Fire brigade, guys and gals in yellow, and Steve,  
Fire! Fire! Fire brigade, they'll race to recue you, race to rescue you, race to rescue  
you!
