

LIFECYCLE OF A FIREFLY

Can you put the firefly's lifecycle in the correct order?

1	2	3	4
→		→	

Can you match the labels to the correct pictures?

EGGS

Did you know that firefly eggs can glow!

ADULT FIREFLY

Did you know that a firefly can live for 21 days on average.

LARVA

The firefly larva eats snails, slugs and insects by sucking them dry.

PUPA

The pupa turns into an awesome firefly.
