

Read the story *Safe by the River*. Can you use the plan below to plan and then write your own safety story.

Characters / Setting	
<p>What characters will be in your story? Where will the story be set?</p>	
Beginning	
<p>Introduce characters Set the scene</p>	
Middle	
<p>What is the problem / conflict? How did the problem / conflict happen? What is the turning point?</p>	
The End	
<p>How was the problem / conflict resolved? What happened to the characters?</p>	

Now use the plan to write your safety story.

Remember to keep rereading what you have written to ensure it makes sense.

Try to make your story interesting by using good adjectives and adverbs.

Once you have finished writing the story give it a title.

Finally become an illustrator and draw the illustrations to go with the story!
