Fires at Forestry Commission sites

Query and Response:

Could you please tell me how many calls to fires were attended each year, for the past five years, for the following Forestry Commission sites:

Puddletown Forest, Affpuddle
Moreton Forest, Hethfelton Wood
Wareham Forest, Bonsley Common
Shillingstone Hill, Moors Valley Country Park and Forest
West Woods, Savernake Forest
Webb's Wood, Somerford Common
Nightingale Wood

Can I also ask for the total number of hours spent at fires for each year of the past five years too please?

I am also aware that sometimes incidents are reported vaguely such as "the woods off of London Road" without the full address. Please could you do your best to capture these incidents too when they are on Forestry Commission land. Could you also include any other Forestry Commission sites that you cover that I may have missed please.

The following table is based on a search by the incident address field using the list above and includes the total number of hours spent at each incident:
