### Fire Safety Information Bibby Stockholm

#### Query:

- 1. Please confirm whether Dorset and Wiltshire Fire and Rescue Service has reassessed the fire safety on board the Bibby Stockholm as a result of this policy and the likelihood of disabled occupants being moved on board, or since its last visit on 21 September 2023.**
- 2. Please provide me either with a copy of the reassessment, or confirm that none has been conducted and provide me with the date of the next planned inspection visit.**

Please see below answer to both of your questions:

DWFRS are not required to reassess the occupancy as this remains the responsibility of CTM to ensure that all relevant persons can evacuate if required. There is no planned date for a reinspection although DWFRS reserves the right to inspect at any reasonable time to undertake our regulatory function.

**Information/Detail accurate on the date provided: 13, November 2023**
