

Freedom of Information Request FOI 25 44

Cide Use (any and all avicides, biocides, fungicides, herbicides...)

Query and Response:

1. A list of all -cides used by the Service. This is inclusive of, but not limited to: any and all avicides, biocides, fungicides, herbicides, insecticides, pesticides, and rodenticides. **DWFRS Estates Team insist on environmentally friendly chemicals for all of our external contracts, including pest control, cleaning and grounds maintenance. In November 2023 DWFRS did purchase six, 400ml cans of Selden Selkil Fly Spray.**
2. The annual cost and volume of purchase of each of these -cides, broken down by -cide, from January 2014 to December 2024. Please list this on a spreadsheet (CSV), broken down by:

| | |
|---------------------|--------------------------------------|
| 1. -Cide | Unknown |
| 2. Product Name | Selden Selkil Fly Spray |
| 3. Volume Purchased | 6 x 400ml cans |
| 4. Price Paid | £3.75 a can (total of £22.50) |
| 5. Purchase Date | November 2023 |
3. A list of each of these -cides' use, by volume. Through this I am trying to ascertain whether the purchased volume is matched by the used volume, so if there is a record of expired or unused -cides too, that would be ideal. Please add this to the above CSV as an additional column, also on an annual basis over the same time period. Please list volume in either litres or kilograms, whichever is more appropriate. **We do not hold this information.**
4. Only if available and easily accessible, the location and purpose of each specific -cide's use. For the former, this may be classified by: location grouping, address, coordinate, or otherwise

Information/Detail accurate on the date provided: 06, May 2025
