

Freedom of Information Request FOI 26 12

E-bike and E-scooter fire statistics

Query:

I am basing my request on the fire statistics definitions laid out on this page
<https://www.gov.uk/government/publications/fire-statistics-guidance/fire-statistics-definitions#fires>

From your incident recording system, please provide information relating to fire incidents attended by your service between 1 January 2019 and 31 December 2025 where the source of ignition was recorded as an e-bike or e-scooter (including associated batteries).

If data is not available to 31 December 2025, please provide data up to the most recently available date and include what date that is.

Specifically, please provide:

A monthly breakdown, by calendar year, of the number of such incidents attended.

- The total number of casualties resulting from these incidents.
- The total number of fatalities resulting from these incidents.
- The highest number of casualties recorded in any single incident within this dataset.
- The number of these incidents that occurred in dwellings.
- Where recorded, the size of fire for these incidents (e.g. item, room, one floor, two or more floors, whole building).

Please provide the data in a tabular, machine-readable format such as a CSV or Excel file.

Response:

Please see the attached spreadsheet for the requested information.

Information/Detail accurate on the date provided: 21, January 2026
