Fire safety audits or training at the Link Sports Centre in the last 5 years

Query:

Please can you confirm if you have undertaken any fire safety audits (compliance) or training at the Link Sports Centre in Swindon in the last 5 years?

If you have conducted a fire safety audit please provide details and a copy of the report.

Response:

DWFRS has not undertaken any formal fire safety audits at the Links Centre in Swindon in the last five years.

DWFRS has undertaken technical rescue training at the Link Centre in the last five years.

DWFRS has used the Link Centre as an off-station training venue, as part of our Ariel Ladder Platform (ALP) Operators Initial Acquisition Course. We use the external structure of the building to create a scenario for the students to position and operate the ALP to achieve a set objective.
