1. Introduction

1.1 Contained within this report is the list of outstanding actions from previous meetings and actions completed that were previously outstanding.

2. Action progress report:

Action no.	Meeting date	Agenda Item	Action	Assigned to	Comments	Progress
378	19 August 2026	26/17	That Officers investigate whether Members could be given access to any relevant internal dashboard operated by the Service, an example of which had been presented during the meeting.	AM Brad Stevens	Blanket access to the Service's internal dashboards cannot be granted due to the sensitive and identifiable information that is captured in the dashboards. Furthermore, these dashboards are continually evolving and elements that are suitable to be accessed by Members now may not be in the future. Excerpts from the dashboard will be shared with Members by Officers where appropriate and relevant to the function of the LPS Committees. Members were informed of this outcome on 24 August 2026.	Complete
379	19 August 2026	26/17	That the chart view in the dashboard be updated to state clearly that the most recent figures were for the year-to-date.	AM Brad Stevens	The Data and Analytics team have updated the Local Performance and Scrutiny KPI dashboards to show 'Current Year' and 'Last Year' as headers and have added '(year to date)' against the KPIs that are based on a year-to-date comparison.	Complete
