Dorset & Wiltshire Fire and Rescue Service (DWFRS) has looked at all staff as at 30.10.26 that are either Station Manager grade or have Station Manager in their title. These are not just station-based staff, they include anyone across DWFRS with Station Manager job title or grade.

It is also important to note that just because someone is based at a certain location, does not mean they work at that location, such as our flexibility across the Service, anyone can work from any station or location of their choosing. The figures above are based on what is stipulated in their contract with us.
